39946: Child/Youth Image ticklers will no longer be duplicated.

Unlicensed Relative to Kinship

34613: Adding three new end reasons on the Service Ending page to allow workers to more easily shift between Relative Unlicensed and Kinship placements with the same provider. The new end reasons are as follows:

- Replace with Court Ordered Kinship
- Transfer to Court Ordered Kinship
- Transfer to Relative Care Unlicensed

The ending reasons displayed are dependent on the child's current placement. Ending a placement with one of these end reasons will automatically create a new fully approved placement with the same provider. If the provider does not have the active Court Ordered Kinship or Relative Care Unlicensed service type for the county of the placement, this process will automatically add or activate it. When 'Replace with Court Ordered Kinship' is selected as the end reason, the placement will be marked as 'Made in Error' but no other work will be made in error (i.e. CANS, CSE, etc.) and no pending work will be removed.
